

## GENERAL PUBLIC SURVEY

*The Gainesville-Alachua County Regional Airport Authority (GACRAA) is continuously working to improve the Gainesville Regional Airport (GNV) for its community, tenants, customers, and the traveling public. An important part of this effort is the development of a new 20-year Airport Master Plan. We encourage your participation by sharing your experiences at GNV, ideas for the facilities, suggested improvements, desired services, and long-term vision for the Airport. It should also be noted that the Airport has a continuous campaign to attract new passenger air service. However, airline decisions are outside of Airport's control and dependent upon passenger demand for a particular route, airline fleet availability, and airline business decisions. A study of air traffic demand will be included as part of the new Airport Master Plan.*

<b>Name</b>	
<b>Address</b>	
<b>Phone Number</b>	
<b>Email Address</b>	
<b>Date</b>	

1. In general, tell us about your overall impression of the Gainesville Regional Airport and your experiences when using airport facilities.
